

PLAIN GLASS

OPTIONS

Model 2298 (Available in 1/8" glass only)

Model 2294 (Available in 1/8" glass only)

Model 2296 (Available in 1/8" glass only)

Short Panel (Available in 1/8" or 1/2" glass only)

Long Panel (Available in 1/8" or 1/2" glass only)

Standard windows begin with an 1/8" single pane non-insulated version. This is an economical solution for allowing natural light into your garage. The 1/2" double pane window gives added protection from the outside elements. Both the single and double pane windows allow window inserts in raised panel applications.
